REASONS FOR ALLOWANCE

The following is an examiner's statement of reasons for allowance: While the prior art of record teaches the use of zinc catalysts in the very similar process, there is no suggestion of the use of the catalysts on a support.

It is noted that paper filed September 10, 2003 with applicants' priority document recites the wrong date of the foreign filing. The original claim for priority of applicants' oath recites the correct foreign filing date.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
